PREVIOUS PORTFOLIO

<https://zacharystephens.info/home>

The home page features a large, stylized illustration of a robotic arm holding a blue cylindrical object. The background is filled with various technical sketches and drawings of mechanical components like gears, pipes, and sensors. The title "ZACHARY STEPHENS" is prominently displayed in bold, black, sans-serif letters. At the bottom, there are navigation links: HOME, WORK, ABOUT, PROCESS, LINKEDIN, and EMAIL.

The about page has a large, bold "ABOUT" heading. Below it is a "LinkedIn" button. The main content is a bio describing Zach's background as a Product Design student at the University of Leeds, mentioning his passion for Technology, Physics, and Art, and his French heritage from the Lycée Français Charles de Gaulle. It also highlights his A-Levels in Math, Physics, Art, and French. A small portrait photo of Zach is on the right.

Berry Packaging for ProCarton

Sustainable cardboard packaging designed for berries, that is both practical and eco-friendly. Its die cut pattern on top allows for visibility and ventilation of the fruits, ensuring their freshness. This packaging showcases eco-responsible branding, using recyclable materials.

Responsive layout to ensure optimal viewing from all sources (On mobile from LinkedIn bio or on Desktop from CV link):

- Resizing of text and images
- Certain elements hidden on smaller screens
- Number of elements in row changes
